

MOHAMMAD REHAN

STUDENT

CONTACT

-  7052328932
-  mohdrehanansari95@gmail.com
-  Kaurahi, Ambedkar Nagar
Uttar Pradesh - 224129

SKILLS

- Technical Language
 - C++
 - Python
 - Verilog
 - System Verilog (basics)
- Tools
 - Xilinx Vivado
 - Matlab
 - LTspice
 - VS code

Problem Solving Platforms

- HDL Bits : solved 30+ Verilog challenges
- LeetCode : Solved 50+ algorithms Challenges

LANGUAGES

- English
- Hindi

HOBBIES

- Football
- Cricket

PROFILE

Motivated VLSI enthusiast focused on digital design and semiconductor innovation. Committed to mastering circuit design principles and contributing to efficient, high-performance integrated systems in the evolving chip design industry.

PROJECT

- Vending Machine
- BCD up_down Counter
- 4_bit shift Register
- Multi_bit Barrel shifter
- 7_segment Display Controller
- Blinking LED

CONCEPTS

- Data Structures & Algorithms
- Time Complexity
- OOPs
- CMOS
- Digital Logic Design
- Testbench Writing
- Solid State Device
- Computer Organization and Architecture
- Analog Circuit

EDUCATION

National Institute of Technology Mizoram

2023-2027

B.tech in Electronics and Communication
Engineering

CGPA - 8.40 (till 4th Semester)
